GOOD LUCK FOR THE FUTURE! FARMER'S CO-OP, MATTHEWS

UPLAND CLASS HISTORY

On August 29, 1935, there entered Jefferson Grade School twenty-five little tots who came to get an education. Our teacher was Miss Nancy Robison. On November 12, we had as visitors Mrs. Earl Vance, Mrs. Merritt Strange, and Mrs. William Selzer. During March and April there was a severe epidemic of whooping cough. Those suffering most were Patty Selzer and Sammy Wilson.

We entered the second grade with Miss Jane Duckwall as our teacher. That was the year we began to write our names instead of printing them. Junior Reece joined us at that time.

We then entered the third grade with Miss Ruth Kline as our teacher. We had two new students, Patty Lou Howard and Jean Witmer. That year brought just a little more study.

In the fourth grade Mrs. Carrie Horner was our teacher. That year Gerald Grile left to attend another school. At that time we learned our multiplication tables. How hard we thought they were!

When we were fifth graders we took a few more subjects such as health, history, and science. That year our teacher was Miss Cora Marine. We then entered the sixth grade with Miss Irene Hults as our teacher. Gerald Grile came back to finish the remainder of his school days with us and Jane Bragg came as a new student.

The next year we climbed the stairs and were seventh graders. Were we proud! That year brought new students, Mary Kearns and Bill Hargrave. Junior Reece left us to go to another school and Don Phipps started the second semester with us. The next year we had twenty-three students when Bob Herring joined the class.

The first year of high school brought several new faces—Ronald Lamb, Ralph and Robert Wimmer, Chrystal Johnson, Ruth Kreutsberg, and Mary Jane Maddox. This brought our number to twenty-nine.

Junior Reece joined our ranks in the Sophomore year. During our Junior year we had a new principal, Mr. John Paul Price, who brought with him his son John Paul Jr., a member of our graduating class. Patty Selzer left us for eight months to live in California. During our Junior year, we presented the play, "Star Crazy" under the direction of Miss Knight. Also, we had the honor of having our candidate for King, Gerald Grile, elected to reign over the school.

In our final year at Jefferson we added to our roster more new students—Mae Jean Gilbert, Miriam Clark, and Jerry Seybold. Don Phipps joined the navy during the summer of 1946.

Our senior play, "Grandad Steps Out" was under the direction of Miss Knight. We sponsored several projects during the year to help finance the annual. This brings to a close the history of our twelve years at Jefferson, and although the going was sometimes hard, it is with reluctance that we leave the halls of J. H. S.

MATTHEWS CLASS HISTORY

In the fall of 1935, a group of little children entered the doors of the Jefferson Township School at Matthews, Indiana. After a few months had passed we were pretty sure that two and two were four and A came before B. We had eleven members in our class and Miss Irene Burns was our patient teacher.

Our second year of school was still under the supervision of Miss Burns. Most of us can still remember the grand times we had at recess and our first sweetheart. We had two new members in our class this year, which made thirteen.

As we entered our third year of school there were fourteen boys and girls in our class. We still have very happy memories of that year, of our classmates, and of our teacher, Miss Garlic. As we advanced to the fourth grade we had seventeen members. Miss Shugart was our teacher. In the spring we found that we had succeeded in being promoted into the fifth grade, in which we had thirteen members. Four members of our class had moved away to another school. Mr. Clinton Ballinger was our teacher. With twelve members we moved into the sixth grade. Mr. Ballinger was our teacher again this year. All year we looked forward with great interest to our first year upstairs.

At last our ambitions were fulfilled when we became seventh graders. At first we made many mistakes, and of course it took us time to get accustomed to so many different rooms. By our eighth year we were quite accustomed to everything upstairs.

In the fall of 1943 we were actually in our first year of high school; we were Freshmen! We had already had eight years of training and now we were ready to enter into a new kind of work. Everything went off smoothly in our Sophomore year, without any important happenings.

In our Junior year we had several new experiences. Our Junior play "Percy Cuts Loose" was our first dramatic accomplishment. The Halloween Carnival was a great success. At this time we were given the privilege of choosing class officers, and we chose Dorine Needler as President, and Lila Mayer as Vice President, and Darrell Needler as Secretary and Treasurer. The climax of this year was the Junior and Senior Banquet at the Onized Club House at Gas City, Indiana. We also had an Operetta at Upland and Matthews. We purchased class rings this year, and Mrs. Nola Gift was our sponsor. Anna Carey became a member of our class this year, which made us nine.

Finally in the fall of 1946 we entered the doors of Jefferson High School for our last year of training. We were dignified seniors. Phil Tetrault became a member of our senior class, which made us nine. Again we were given the privilege of choosing class officers, we chose Dorine Needler as President, Raymond Conn as Vice President, and Junior Walker as Secretary and Treasurer. Mr. Hobart Black was our sponsor. Our senior class play "Let's Go Somewhere" was a big success, and we had another Halloween Carnival and a Christmas program this year, both turned out very well. Our class also sponsored a Box Supper of Matthews Gym. We were proud to be called the class of "47" and to have the honor of publishing the second "Jehisco." Although we are not going back to school in the fall we will never forget the pleasant memories and happy times we had in our school days.

CONGRATULATIONS FROM THE COURIER

UPLAND CLASS PROPHECY

I attended Wilson's Sunshine Circus, previously known as Cole Brothers Circus, and as I entered the gates I recognized a familiar face. When I drew closer I discovered that it was none other than the honorable Sam Wilson. After a brief chat, he informed me that he was the owner of the circus.

It had been ten years since I had had the opportunity to meet any of my classmates but as I strolled on, one by one, I met them, and, much to my surprise, I found them doing these things:

Bob Ayres is climbing to success in his own hospital and his motto is "We cure or kill." Bob is madly in love with the matron.

Lavonna Baker is quite well-known in the world of beauty. She has won the title of "Miss America of 1957."

Under the name of Dorothy Dix Bragg, Jane Bragg is writing a column known as "Advice to the Lovelorn."

Miriam Clark is a famous pianist and is playing at Carnegie Hall. She is happily married to one of her life-long admirers.

Violet Fanning married a Frenchman and is living in New Orleans. They own the world's largest hotel of which Violet is the chamber maid.

Mae Jean Gilbert has been granted the opportunity to study music in Paris, her only desire as a girl.

Gerald Grile has become the world's heavy weight champion and has just won his one hundredth victory over Midget Puckett (Herbert Puckett).

Bill Hargrave has completed his college course in New Mexico and is planning to run for governor of the state.

Bob Herring is teaching Bible at Asbury College in Kentucky. He is married to his school day sweetheart, Beverly Briles.

Patty Howard and her husband are missionaries in Africa.

Bonetha Mae James is on her own radio show after playing her guitar for four years on Moon River.

Chrystal Johnson is the pride and joy of the Johnson family. She is Hollywood bound after ten years on Broadway, starring opposite her cousin, Van.

Mary Kearns owns a charming beauty shop and inn combined, called the "Curl Inn." Mary got as far as Gas City.

Ruth Kreutsberg has joined her two sisters, thus completing the Gloom-Chasers trio.

Ronnie Lamb is happily married to his high school steady and is living on the coast of Florida. He is a skipper of a large freighter.

Paul Lynch owns one of the best farms in Michigan. He remarks "If any female is looking for a home and can cook, just come up."

Mary Jane Maddox is living an exciting life as owner of a bowling alley in downtown Chicago.

Lois Perkins has done well for herself as the world's champion ice skater and has won many trophies as the fastest skater.

Don Phipps reached the eleventh hour and then married the "one of many." Don owns several refrigeration plants in South America.

John Price, after eight years of drinking Hemo, has attained the position of the toughest second baseman of the Chicago Cubs.

Junior Reece married a small, attractive blond and is roping cattle out on her Arizona ranch.

Patty Selzer, after being disappointed in love, has become head of the baby nursery in San Diego.

Jerry Seybold is very prominent since some of her paintings are hanging in the Hall of Fame. Jerry's hobby is men, but she doesn't play for keeps.

Jim Strange is producing a new movie "My Gal Cuddles" which will star his favorite Chrystal.

Madge Thornburgh owns riding stables in Wyoming. Madge is also writing novels in her spare time for the popular magazine "Romantic Me."

Carl Vance is head basketball coach at Indiana University. Carl has managed to stay single and still is breaking girls' hearts.

Bob Wimmer is operating a used car business in Wynn, Alaska. Ralph, his brother, is writing volumes of books called, "Famous Wimmer Jokes."

Jean Witmer has found her happiness in St. Mary's Hospital in Miami, Florida, where she married the head surgeon.

WISHING YOU CONTINUED SUCCESS, UPLAND HARDWARE

MATTHEWS CLASS PROPHECY

For the past ten years I have been employed in the Matson Bros. Circus. We are now starting on a tour of the world and as we pass through places where the Seniors of "47" live I stop and see how they have progressed.

The first place that we are going is South America, where I hear that Courtney and his wife are living. Courtney is doing research work on Foreign Dairy cattle of Argentina for Purdue University, and his wife is teaching school in Buenos Aires.

We are now heading for the States. We are going up the West Coast and then over in to Montana where we see a beautiful ranch. This is where Dorine lives with her husband, Forrest and their three children. She manages the ranch while her husband teaches school four months out of each year.

We now move on to Wisconsin where I find Junior, who now owns a 640 acre dairy farm. He has a wife and two children. His son is learning to be a good dairy farmer like his father.

From Wisconsin we go down to Ohio where we find Phillip T. Phil, with Betty's help, has really come up in life. He is now manager of General Electric in Cleveland and lives in a small suburb just outside of Cleveland in a beautiful home.

Now we go to good old Indiana, where Anna is doing very well for herself. She is now the sole owner of the Watkin's Beauty School in the heart of Ft. Wayne. She is teaching her six children to be very respectable.

Moving on to Philadelphia, we find Lila and her faithful husband, Jim. Jim owns the Keener Plants in Philadelphia which makes them pretty well to do. In Lila's spare time she writes editorials for the *Philadelphia Daily News*. They live in a six-room house with their four children.

We go up to New York now to see Darrell, who is a state policeman. With his wife, a New York model, he lives in a swanky Fifth Avenue apartment.

From New York we go down to Washington, D. C. There we find Raymond, who is quite well known as an investigator for the F.B.I. To accomplish all this he had to go to college six years. He graduated from Harvard law school four years ago.

As we end our tour in the states, along the East Coast we see Billy, coming in from another trip across the Atlantic. He is in the Merchant Marine. He says he will stay in until he can retire. He isn't married but has a girl in every port.

After seeing all our old friends, we go on to finish our tour in some distant lands, wishing our former Jefferson High School classmates all the success in the world.

On Thursday, October 31, 1946, excitement ran high in the Upland and Matthews gymnasiums. Everyone had gathered for the annual Hallowe'en Carnival. The gyms were gayly decorated with pictures and crepe-paper.

There were various games and activities, including a masquerade, a cake walk, bingo, dart games, and basketball shooting.

At 9:00 the kings and queens were brought on the stage and the crowd was held in suspense for a few minutes until the winners were announced. Shown above from left to right they are: Charles Townsend, Peggy Loy, Esther Simons, Phil Tetrault.

JEHISCO STAFF

It was a long tedious task that lay before us when we started work on the Jehisco. The photographers said a little prayer that the sun would shine, the business staff hounded the merchants, the social editor prodded her staff, and the typists worked their fingers to the bone. Always in the back of our minds was the knowledge that the deadline loomed nearer and nearer.

We had the usual little difficulties and disappointments that a staff always meets, but finally the 1947 Jehisco rolled off the press. We know that we have made many mistakes, that we have done many things all wrong, but we hope that in the future years this book will recall all the good times, the fun, and the friends we had in Jefferson High.

JUNIOR-SENIOR RECEPTION

The annual Junior-Senior Reception was held at the Onized Club House in Gas City on April 3, 1946. The tables were decorated with flowers, candles, and handkerchief favors. After the banquet, dancing and games were enjoyed by students and teachers. Wally Burns, a juggler and magician from Indianapolis, gave a program. This reception was sponsored by the Junior Class. Those teachers who assisted were Miss Virginia Parks, Miss Iris Abbey, Mrs. Lucile Slain, and Mr. L. R. Stockton. The Juniors felt that the delightful evening was an ample reward for their work.

Coach L. R. Stockton, pilot of the high flying Yeomen, led the team through one of Jefferson Township's most successful basketball seasons, winning sixteen games to four losses and advancing to the final in the County Tourney.

VARSIITY TEAM

The Yeomen, strengthened by the seasoning of several sophomores and juniors, were able to better their 1945-46 record. Losing only one player, the Yeomen had virtually the same team as in the previous season. Injuries plagued the Yeomen all through the season and at tourney time; but the Yeomen overcame the odds; won an overwhelming majority of their games, and advanced to the finals in the County Tourney.

Coach L. R. Stockton served his second year as head coach and did a very commendable job.

The Yeomen will graduate six seniors but will have many sophomores and four juniors to round out next year's squad.

We are truly proud of this year's team and are looking forward to an even better season in 1947-48.

FRESHMAN TEAM

Although the Freshman team had an unsuccessful season as far as wins and losses were concerned, they showed promise of blossoming into a very fine team in a few years. Many of the players were inexperienced but the team never lacked the spirit or will-to-win that so characterizes Jefferson teams. We are looking forward to some fine basketball from these boys and are sure they are capable of giving it to us.

BASEBALL

The Jefferson Yeomen, one of Grant County's outstanding baseball teams, ended the season of 1946 with a .714 percentage with 5 victories and 2 setbacks. The Yeomen opened the season at home in fine style with a victory over the Zebras from Jonesboro, by a 9-0 count. Jefferson then trounced the Van Buren Aces 18-3. They tallied their third win by defeating Fairmount here, 22-2. Their journey to Swayzee proved successful as the Yeomen knocked over the Speedkings 12-4. Then came the most anticipated game of the year, the one with Gas City, played at Onized Field, which was later to decide the outcome of the County Conference. In this game Gas City got off to a 2 run lead early in the game only to be tied by the Yeomen. The host Tigers then took command again with a 3-2 lead. The Yeomen rallied for 2 runs to take the lead 4-3. Then Gas City climaxed the game in the final stanza with 2 unearned runs. The game ended 5-4.

We sent the home-coming crowd home happy with a well earned 17-0 victory over St. Paul. The final game of the year was played here and matched the Yeomen with Sweetser. The Braves upset the Yeomen with a 8-5 win.

The next year's team can look forward to a very successful season, losing only four seniors. Pitcher-third baseman Carl Vance, Second baseman John Price, and substitutes Gerald Grile and Bill Hargrave are the only departing players.

SECOND TEAM

The second team was chiefly made up of veterans of last year and they, with the help of a few juniors, were able to win the majority of their games. The seconds provided some of the finest preliminary games in the county as shown by their record—one of the finest in Jefferson's history.

George Freck coached the Archers and did a very efficient job.

We look forward to seeing many of these boys playing varsity ball in a year or so and we feel that they will display a very fine brand of basketball. Their scores are as follows:

JEFFS

The Jeffs, having many players returning from last year's squad, had one of the best teams they have had in recent year. Winning a majority of their games this season, they appear to be one of Grant Counties most promising teams.

Ollie Gregory coached his initial year, as mentor of the Junior High team.

Many of the players will be playing Freshmen ball next year but the younger members will be back again to furnish more basketball for the Jeffs.

PATROL BOYS

The Patrol Boys, who are divided into two forces, are on duty before and after school hours and at the noon hour. They are stationed at the corners between the downtown district and school building. Much credit is due these patrol boys who guard the safety of our school.
